Are You Ready to Learn Online?

Find a
quiet
space.

Put any toys or
distractions
away for later.

Get your
equipment
ready.

Sit in a
chair, at
a table.

HOW TO **HELP YOUR CHILD** GET THE MOST OUT OF **ONLINE LEARNING**

① **INVEST IN EQUIPMENT**

Headphones help reduce background noise and focus attention.

A stylus aids handwriting and is easier to control than a mouse.

A touchscreen makes manipulating on-screen objects easier.

② **BE WELL PREPARED**

Being on time, well rested and well fed makes a world of difference to a child's learning.

③ **CREATE A LEARNING ENVIRONMENT**

Trying to be actively involved in learning while on the couch is difficult.
Make sure your child is at a desk or table, and sitting on a chair.
